Stormwater Management Variance
Baltimore Harbor Watershed
EPS Project I.D. M190012
EPS Tracking Number: 07-20-3141

Dear Ms. DiPietro:

This office has reviewed the information submitted and finds that a stormwater management variance can be granted for this project under Section 33-4-113 (a) (2) of Title 4 of the Baltimore County Code. This section of the regulations allows a stormwater management variance to be granted if there are exceptional circumstances such that strict adherence to the provisions of this article would result in unreasonable hardship or practical difficulty and not fulfill the intent of the regulations.

This project is for the installation of an entrance road. Although the disturbed area is in excess of 5,000 square feet, there will be a net reduction in impervious area as a result of this project.

Please contact Kevin L. Quelet, P.E. of my staff at 410-887-3768 should you have any questions.

Very truly yours,
